**T**HIS FIFTEENTH issue of the Moose Jaw City Directory comprising the City proper, and all suburbs is presented to the public with the belief that it will meet the demands of the most exacting and will fulfil the requirements of all its users.

The information in this book is gathered as far as possible by actual canvass, and is compiled in a way to ensure maximum accuracy. While the publishers will in no way be held responsible for any errors that may occur, they will be glad to have any inaccuracies brought to their attention, so that they may be corrected in succeeding editions.

The directory is arranged in several departments for the convenience of the public seeking information in this volume, and are arranged in the following order:—

The **BUYERS' SECTION**, pages 2 to 20. This section includes the advertisements of the leading business and professional firms of the City.

The **MISCELLANEOUS SECTION**, pages 21 to 60, contains information regarding the City, associations and societies, lodges, churches, Provincial and Dominion Governments, courts, etc.

The **STREET SECTION**, pages 69 to 112, contains an alphabetically arranged list of all the streets and avenues, giving the names of the householders in numerical order.

The **ALPHABETICAL SECTION**, pages 113 to 348, is an alphabetically arranged list of citizens, business firms and corporations, together with their commercial and professional connections and addresses.

The **CLASSIFIED DIRECTORY AND BUYERS' GUIDE**, pages 349 to 424, contains a specially compiled list of all business firms and professions classified under their special headings.

Through the exchange of directories with the various directory libraries throughout the United States and Canada and the sale of the Moose Jaw Directory to many institutions, hotels and stores in large cities, the directory is circulated throughout the country and serves as a lasting advertisement for our city.

Based upon the names contained in the pages of this book, it is estimated that the population of Moose Jaw is 21,967. This includes considerable territory beyond the city limits, which is canvassed in order that the names of all people doing business in Moose Jaw may be obtained for the directory.

The Publishers desire to thank their patrons and the general public for the courtesy extended at all times to their representatives and to express their appreciation for the confidence which the business and professional men of Moose Jaw have always shown in their publications.

Respectfully, The Publishers,

HENDERSON DIRECTORIES, LIMITED.

December 8th, 1924.

# City of Moose Jaw

---

The city of Moose Jaw is situated on the open prairie 400 miles west of Winnipeg, 420 miles east of Calgary and 100 miles north of the International boundary. It is grand divisional point and the provincial centre of the Canadian Pacific Railway.

Moose Jaw is essentially a railway centre. In addition to being served by the main line of the Canadian Pacific Railway, it is also served by the Canadian National Railways. It is also located at the junction of the Soo Line running direct to St. Paul and Chicago. There are no less than nine lines of railway radiating from the city at the present time, while several additional branches are being proposed as soon as conditions generally will permit of their construction. The C. P. R. has completed a large new station and administration building, enlarged freight sheds, new express and telegraph offices, etc., at an estimated cost exceeding one million dollars.

The city is surrounded by a rich agricultural country which is well settled with prosperous farmers. Crops are noted for their uniform quality and high yield. Mixed farming is coming to the front in the district and the extensive co-operative stockyards recently established under the supervision of the Provincial Government afford the farmers excellent opportunities for the disposal of their cattle, sheep, hogs and horses.

The city is developing as an industrial centre. Plants operating include the famous Robin Hood Flour Mills, large packing plant, creamery with annual sales exceeding one and a half million dollars, sash and door factories, oil refinery, fire brick and tile factory, iron foundry, boot and shoe factory, cheese factory, tannery and numerous smaller undertakings all doing an increasing volume of business.

While the city is primarily a railway centre it is also very prominent, and is developing very quickly as a wholesale distributing centre. This is due to the excellent railway facilities available and to the extended well settled territory tributary to the city. Moose Jaw is the logical distributing point for two smaller cities, thirty towns, one hundred and ten villages and one hundred and thirty hamlets. The lines distributed include meats, groceries, fruits, biscuits, hardware, furniture, boots and shoes, dry goods, confectionery, flour and feed, lumber, farm machinery, building materials, oils and greases, automobiles, etc., etc.

Moose Jaw is an important financial centre. Eight banks carry on an ever-increasing volume of business, and the confidence of their executives in the future of the city is reflected in the handsome buildings erected.

The city is an important educational centre. There are twelve thoroughly modern public schools, two well equipped collegiate institutes, Roman Catholic Separate School, three residential colleges (2 boys', 1 girls'), two business colleges, musical conservatory, and a large public library containing more than 20,000 volumes, in addition to a wide selection of paper trade and technical journals, magazines, etc.

The importance of the city as a government centre—both federally and provincially—is reflected in the fine Post Office Building, the Dominion Armouries, the Court House, the Land Titles Office, the Provincial Government Telephone Exchange, etc.

Moose Jaw has 22 churches, 9 hotels, 6 hospitals and homes, Y. M. C. A., Y. W. C. A., 200 acres of public parks, 75 miles of concrete and plank sidewalks, paved business streets, electric street railway, boulevarded residential streets, ornamental street lighting, modern department stores, wide business streets, well equipped and administered hospitals, etc. The city owns and operates its own light and power plant, waterworks system, markets, incinerator, etc.

Moose Jaw offers special opportunities for flour mills, creameries, and all industries drawing their essential raw materials from agricultural activities. Openings for all kinds of wholesale houses especially those handling farming machinery, harness and saddlery goods, automobiles, etc. Excellent opening for modern theatre and large hotel. Enquiries should be addressed to The Board of Trade, Moose Jaw.

## MOOSE JAW COLLEGE

This is a Residential College for young men and boys of all ages. The institution has been organized by the Synod of Saskatchewan of the Presbyterian Church, but is non-sectarian. Students are admitted at any time during the term, and their fees are proportionate for the time spent. The new buildings are situated on the top of College Hill overlooking the city on a site of forty-five acres. It is intended to enlarge the present buildings and then erect the Ladies' College as soon as possible. The college grounds are bounded by 7th Avenue Southeast, Coteau Street, 9th Avenue Southeast and the Canadian Pacific Railway, and are on the east side of the Moose River adjoining River Park.
